"Hello, I'm Nermeen! Last year, I went on a walking trip in Spain with my dad. Mom saw us off at the airport. When we landed, we got a bus to the Picos de Europa national park. It's very beautiful, and it was quite easy to walk. We went in June, when it wasn't too hot. We were lucky to see some beautiful birds, but we didn't know what they were. I figured the answer out by looking online - they were golden eagles that were very special. We also saw some brown bears and wildcats! Luckily, they were far away! The park is famous for its wolves, but sadly, we didn't see any. It was a great trip, and I was sad to put my hiking shoes away!

1- Famous navigators

Ahmad Ibn Majid lived hundreds of years ago. He was born in 1432, in what is now Oman. As a child, he was fascinated by the sea, He loved to listen to stories about sailing from his father and grandfather, who were great sailors. They also had their own ships, Ibn Majid was a very intelligent man and studied a lot. He learned languages, and learned about math, geography, and astronomy. As he got older, Ibn Majid became known as a master navigator. Over the years, Ibn Majid wrote 38 books describing what he knew. Some of his books had information about routes to different places, and some described the history of sailing.

2- Omar Hegazy

Omar Hegazy is a very interesting man who is a world-record-holding athlete. At the age of 25, Omar's life was going well, He had a good job as a banker in the Sinai Peninsula, and he was very active, He enjoyed sports, including rock climbing, snorkeling, and keeping fit. One day, he was traveling along the road on his motorbike when he had an accident. The doctors had to remove part of his leg. Omar had to learn to use a crutch, and then a wheelchair.

Omar trained hard, and in 2022, he could swim underwater for a distance of 56.48 meters! Today, Omar Hegazy is a very happy man, and gives talks to inspire others.

3- The life of astronauts

To be an astronaut, you need to work hard. First, you should study science at school and university. After that, you need to do a difficult, two-year astronaut course. In the training course, astronauts are taught how to fix spaceships. They are shown how to give first aid. Astronauts need to be physically strong. On the spaceship, the sleeping bags are attached to a wall so they don't float, Astronauts wash themselves with cleaning wipes because there's no shower or bath. Astronauts run in a special area of the space ship to keep fit.

2-The life of a journalist

I'm an international journalist, and I live in Egypt, I work for an English newspaper. I really love the English language, so I decided to focus on it at school. After that, I studied journalism at university. I think a journalist needs to be good at two things, Firstly, they need to communicate well to get a good story . Secondly, they have to write well and quickly, using correct spelling and grammar.

I love my job . It's fun, and every day is different because we don't know what news will come in .

3-Animal News

Cheetahs, the fastest animals in the world, have returned to India. They lived in India but then slowly disappeared . However, much later, eight of them were brought to a big park in India , The Indian people are very pleased to have these animals back in their country. The cheetahs now live in a safe area, where they are fed every day. They aren't watched all the time, but they are tracked so they don't get lost, Some people are a little worried . This is because when the cheetahs move around more, they will meet other big cats, for example, leopards.

5- Read the following text and answer the questions:

(1)

I'm Nermeen. I love learning about inventions that help the planet. Edible cutlery is a great and useful invention. Having takeaway food with friends and family is great. However, plastic knives, forks, and spoons are bad for the planet. We usually use plastic cutlery once, then throw it away. Plastic doesn't decompose, so it stays in the ground for a long time. Some plastic can then get into the ocean. Lots of people want to find a better idea, and cutlery that you can eat is becoming popular. This can be made with special rice, or flour, and some edible cutlery comes in different flavors, too!

A. Choose the correct answer from a, b, c or d.

1. The general idea of the text is …………
a. Filter straws b. Edible cutlery c. Bacteria d. Diseases
2. The underlined word "decompose" in the text means to "……… small parts".
a. break into b. find out c. put away d. look out

B. Answer the following questions.

3. Why do you think plastic is bad for the planet?..........................
4. What can we use to make edible cutlery?..................................

(2)

We use plastic in our everyday lives. Plastic can get into the ocean and create lots of problems. It can have a very bad effect on sea life. Some animals eat plastic and become sick. Some animals get trapped in the plastic and are hurt. Plastic in our water is also bad for the environment. If there wasn't so much plastic pollution, the seas and beaches would be safer for the sea animals and for us, too. The Ocean Net is a special invention that catches trash in the sea. It is a great solution to the problem of plastic in the oceans. It helps sea life. It stops plastic from getting into the sea so that animals, fish, and sea birds are not hurt.

A- Choose the correct answer from a, b, c, or d:

1. The main idea of the text is about " The dangers of……..
a. metal b. wood c. plastic d. trees
2. The underlined word "trash" has the same meaning as ……….
a.net b. bottle c. loop d. garbage

B Answer the following questions:

3. What is the Ocean Net?..
4. What would happen if there wasn't plastic pollution in the seas?
……………………………………………………………………………..

(3)

The wildlife photographers used robot cameras that look like animals. The robot camera is a great invention. It sounds like a hippo and can swim under water. The robot camera can film a family of hippos. The camera doesn't scare hippos or other animals. It's covered in waterproof material. It sounds liked hippos because it makes noises like them. This camera can show scientists how healthy the wildlife is.

A- Choose the correct answer from a, b, c, or d:

1. The text is about………………..

a. Jobs b. Robot cameras c. Video games d. Adventures

2. The underlined word "scare" means to………………

a.push b. frighten c. film d. cover

B- Answer the following questions:

3. How can robot cameras help scientists?................................

4. Why doesn't the robot camera scare hippos?........................

" Ancient Egyptians' inventions "

The Ancient Egyptians were one of the first groups of people to use a metal plow. A plow was used to dig and turn the soil. Later, they used animals to pull this plow and this made plowing the land easier. Ancient Egyptians wanted to keep clean. Clean teeth were important to them, so they invented a type of toothpaste. The Ancient Egyptians mixed salt, flowers, mint, and pepper into a paste. Ancient Egyptian toothpaste was as good as modern toothpaste!

" Plastic pollution problem "

We use plastic in our everyday lives: at home, at school, and at work. Plastic can get into the ocean and create lots of problems . It can have a very bad effect on sea life: turtles, fish, and jellyfish, for example. Some animals think the plastic is food, and so they eat it and become sick, Some animals get trapped in the plastic and are hurt. Plastic in our water is also bad for the environment. A lot of plastic pollution is washed onto beaches, which looks horrible. If there wasn't so much plastic pollution, the seas and beaches would be safer for the sea animals and for us, too.

1 - Working in a team

When you take part in a new sport, for example, you can easily make new friends. You might meet new people that you haven't met before. Playing together as a team in a game or a competition is a great experience, and you might make friends for life.

A team works best when everybody takes turns to speak, and takes time to listen to each other. You can learn a lot when you take an interest in other people's ideas . This might even mean that you change your opinion.

2-A new project

Fares is my best friend . Fares had to do a project on the history of flight. He had to make a poster but he couldn't get it right. His friend told him to ask for help, His teacher told him to try again and to make notes on what he read . His mom told him to try his best. His dad told him to stop and think . So Fares asked, he read, and he tried . He planned his ideas and his poster was the best!

"A visit to the zoo"

I like animals. Last year, I went to the zoo with my family. I saw a lot of animals there. Some animals were dangerous so my sister was afraid. I had a picnic with my family in the zoo. It's not far from our house so we usually go there. My father is a vet so he knows a lot about animals. I'm very interested in reading about them. I like to take photos for baby animals. They are really nice.
